# little leaf FARMS

**FULL-TIME  
MAINTENANCE  
TECHNICIAN  
OPENING!**

**105 WALKER RD, SHIRLEY, MA 01464**

Little Leaf Farms grows fresh, tasty leafy greens with people and the planet in mind. Founded in 2015, we're now the **largest indoor leafy-green grower in North America**, with campuses in Massachusetts, Pennsylvania—and more coming soon! Our diverse team (people from 25+ countries) brings expertise across plant science, engineering, operations, and CPG sales & marketing. Together we produce safe, sustainable, and delicious greens enjoyed by families everywhere.

We're always hiring passionate problem-solvers who care about sustainable agriculture! Join us as we grow—great greens, great careers, and a healthier future!

**\$30  
PER HR**

## **FULL-TIME MAINTENANCE TECHNICIAN NEEDED!**

Join our team as a Maintenance Technician 4 responsible for installing, maintaining, and repairing facility machinery, electrical systems, HVAC, and associated equipment. Fabricate replacement parts, perform advanced diagnostics and repairs, and support safe, sanitary production operations.

### **KEY RESPONSIBILITIES:**

- Perform all Maintenance Technician 3 duties plus advanced tasks
- Advanced welding (MIG, Stick, TIG) and structural welding of common metals
- Advanced millwright and fabrication work (pipe fitting, guards, mounts, tooling)
- Diagnose and repair pumps, compressors, gear reducers; rebuild components
- Troubleshoot PLCs; locate and replace faulty relays
- Wire runs, use multimeter functions, calibrate Ishida scales, operate/maintain robotic and automated conveyor systems
- Replace roof and side window glass; basic HVAC/plumbing/carpentry tasks
- Adhere to GMP, HACCP, OSHA, LOTO, PPE and company safety protocols
- Maintain sanitary conditions and product quality; report safety/quality concerns
- Provide positive, collaborative communication; may act as shift lead in their absence
- Other duties as assigned

### **QUALIFICATIONS:**

#### **REQUIRED:**

- High school diploma or GED

#### **PREFERRED:**

- Associate degree in Electrical, Mechanical, or related field or equivalent experience
- 2+ years apprenticeship or equivalent in electrical/mechanical fields
- Experience with automated conveyor systems, robotic maintenance, and controls
- Working knowledge of 3-phase electricity, motor controllers, VFDs, proximity switches, photo-eyes
- Ability to troubleshoot I/O functions and read schematics/blueprints
- Proficient with hand and power tools and diagnostic equipment (ohm/voltage meters)
- Highly motivated, self-directed, team-oriented, and resourceful

### **TO LEARN MORE & APPLY:**

**JOB ORDER ID: 24392499 "Maintenance Technician 4"**

**\*Schedule & shift: TBD, Full-Time Position (40 hours Weekly)**
