Next Step: Tell Consumer-employers about yourself

Add information in the “Tell us about Yourself” section in the PCA profile. Write something that lets the consumer-employer know you have work skills, and do not forget your life skills counts too:

- Have you given care to someone in your family?
- Are you a good cook? Do you keep your home clean?
- Do you like to learn? Do you learn quickly?
- Do you have a car? Do you have a valid driver’s license?
- Are you dependable and will you show up to work on time?

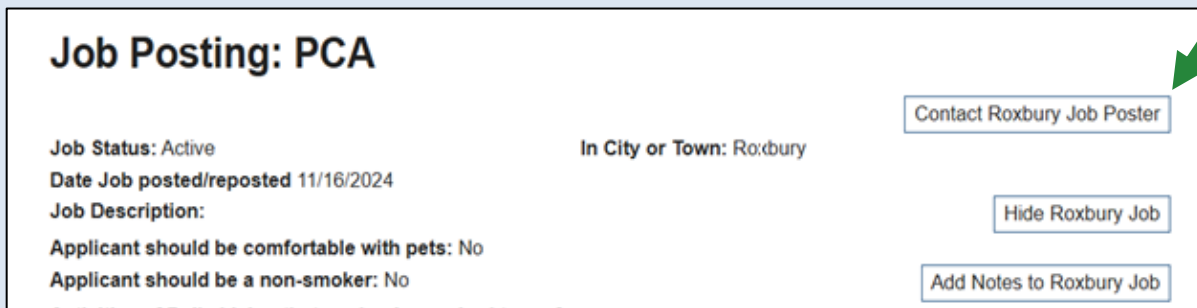

Final Step: Search and Apply for Jobs near you

1. Log in to your account. Click [Search for a Job](#).
2. Enter the number of miles you can travel to get to your job.

A screenshot of a job search form. It features a dropdown menu for "Location where services are being provided:" with "Boston" selected. Below it is a text input field for "And, How many miles from the above city or town are you willing to work: *" with the value "20". There is a "Search" button on the right and a link "Perform an advanced search on current Job Postings" on the left.

3. Send messages to consumer-employers. Click [Contact \[town\] Job Poster](#) next to each job description.

A screenshot of a job posting titled "Job Posting: PCA". It shows details such as "Job Status: Active", "Date Job posted/reposted 11/16/2024", and "In City or Town: Roxbury". There are three buttons: "Contact Roxbury Job Poster" (highlighted with a green arrow), "Hide Roxbury Job", and "Add Notes to Roxbury Job".

4. In your email message to consumer-employers:
 - Tell them the best times to reach you.
 - Tell them how to reach you.
 - If you do not hear back from them, send them a friendly reminder email.
